

25 YEAR
WARRANTY

PROTECTION

The original Owner of Record of this RV is provided with a 25-year limited Warranty on Dyna Slide® floor panels. Dyna Slide is a high-quality, performance engineered structural substrate panel designed and manufactured for RV slide-floors. The Dyna Slide structural substrate is located under the interior floor coverings. Dyna Slide will provide a minimum of 25 years of satisfactory service when installed by a qualified original equipment manufacturer (OEM). The Dyna Slide 25-year limited Warranty will cover a Dyna Slide floor panel failure caused by the following: manufacturing defects, glue bond failure, or delamination.

PROVISIONS

Affiliated Resources will authorize the exchange or repair of the damaged Dyna Slide floor panel within 30 days after receipt of claim from the OEM or OEM dealer. All claim documentation must include the name of the manufacturer, original purchase invoice, serial number, photographs, and sample of the damage.

The Dyna Slide Warranty obligation includes all reasonable labor and material costs directly associated with the exchange or repair of the damaged Dyna Slide floor panel or component part for a period of up to five years from the original date of purchase. Material costs directly associated with the exchange or repair could include carpet, vinyl, tile, and adhesives. After five years from the original date of purchase, Affiliated Resources will authorize only the exchange and repair of the Dyna Slide floor panel and pay the replacement labor charge.

Affiliated Resources reserves the right to inspect all Dyna Slide floor panels concerned with any claim made under this Warranty.

LIMITS

This Dyna Slide 25-year limited Warranty is made to the original Owner of Record and is limited to only the conditions stated herein.

This Warranty does not apply to long-term exterior applications, nor does it cover fungal decay or deterioration due to exposure to high moisture environments, repeated wetting, or standing water. Manufacturing defects do not include minor edge swelling or surface imperfections like leafing, broken grain, folded fiber, or loose wood strands. Delamination is defined as a visible, physical separation within the Dyna Slide floor panel that affects the structural integrity of the RV slide-floor.

Affiliated Resources will not be held responsible for any incidental or consequential damages, nor any damages that are the result of fire, traffic accidents, misuse, or the improper installation of Dyna Slide.
